MEMORANDUM TO THE FILE

Subject: [redacted] H-B/3

1. On Thursday, 14 January 1954, the writer discussed the request of the Technical Branch in connection with a visit by a contact offer to the [redacted] requested, in view of the fact that no one had been able to successfully approach the [redacted] that the request be dropped for the time being pending further study of the problem. The writer agreed and told [redacted] she could instruct the Contact representatives to make no further efforts in this direction for the present at least. A

2. The actual problem in this case was that the Contact representative originally scheduled to visit the [redacted] had requested [redacted] visit be turned over to a special contact of the Medical Division in [redacted] The writer, before permitting this information to be passed to the Special Medical Division contact, discussed the matter with Messrs. [redacted] and [redacted] and it was agreed that rather than spreading the information [redacted] interest, it would be better to withhold this information and attempt solution in another direction. At this time, the writer [redacted] to see if further arrangements could be made. Apparently [redacted] was unable to make further arrangements. A A A

3. In view of the above, the writer believes that this entire matter should be held up pending the return [redacted], using the natural cover of a [redacted], could visit [redacted] and find out information for our purposes. A
